The Ultimate Language & Culture Experience  
in Cuernavaca, Morelos, Mexico & in  
Tulum Pueblo on Mexico's Riviera Maya

## peer group programs

Our Spanish language programs are tailored to develop your Spanish fluency in the shortest time possible. We have 10 different course levels from very beginning to very advanced; your starting level will be identified on your first day of class. Our university educated and native Spanish speaker instructors believe acquiring language through total immersion and the Natural Approach will enable you to learn Spanish the quickest. Teachers have also been trained in Krashen's Theory of Language Acquisition and Seven Intelligences. This enables them to identify your learning ability so that instruction may be tailored specifically to you. Although class size is never more than 5 students we also offer Private Courses plus special focus courses such as Spanish for business, social work, medicine, law and volunteers. College credit courses also available at the Cuernavaca and Tulum campuses.

## host families

We work with a variety of Mexican families that live near the school to make your stay as pleasant and rewarding as possible. Staying with a host family is a valuable opportunity to acquire the culture and language in the most natural of settings. Your host family will provide you with 3 daily meals and a private bedroom with private or shared bathroom. Homes may have several guest rooms so families and small groups may be accommodated together. Guesthouses which allow just a bit more privacy are also available in our Cuernavaca locations with our without meals.

For those wishing to arrange their own vacation rental, b&b, or hotel... the web has a variety of websites, or just ask for our help.

## programs for youth

Programa Amiguitos for children and Spanish Prep for teens & pre-teens are courses taught by teachers trained in working with young minds. Special events are offered each summer however youth classes can be arranged for any time of year.

## young at heart

For those mature professionals, retirees, or senior citizens whose passion is not only to travel internationally but learn the language and culture, our Cuernavaca locations offers a unique winter Spanish program specially designed for the "young at heart".
